

LAUNCHING UNROOT PROJECT

2ND ONLINE MEETING

The project "Unrooting Violence: tackling social norms for the prevention of gender-based violence (UNROOT)" has started!

During the 2nd online meeting (13/01/2022), the consortium discussed the preparatory phase for the development of the first project result as well as management and tasks arrangements.

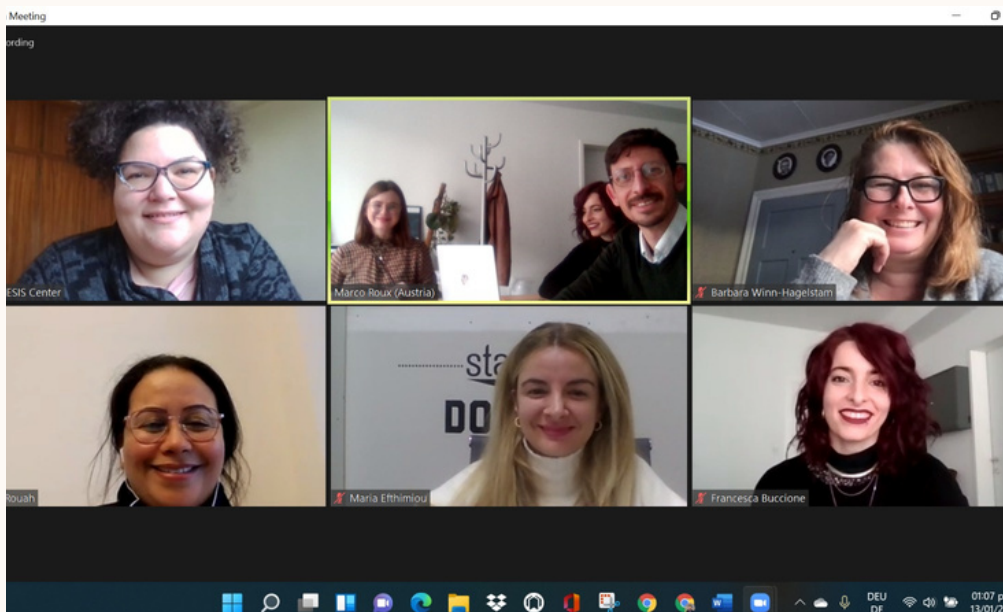

OBJECTIVES OF THE PROJECT:

- Raise awareness on various aspects of gender-based violence and their negative consequences in society;
- Enhance the knowledge and skills of adult support workers and trainers;
- Help participants to reduce harmful traditional practices, behaviours, and customs contributing to GBV.
- Create an open dialogue with

community members about GBV issues and gender stereotypes.

- Empower people to find their own voice beyond social norms.
